Aloetouch® Powder-Free Exam Gloves

Available through Bosma Enterprises® under BOA #: 36C10X22G0003

ALOETOUCH® GLOVES HELP IMPROVE HAND HYGIENE COMPLIANCE.

Hand hygiene (HH) is one of the most important and cost-effective measures for preventing hospital-acquired infections (HAI).¹ Unfortunately, compliance at most hospitals is less than 50 percent,¹ with skin irritation cited as one of the primary reasons.¹

Studies show that Aloetouch® gloves coated with aloe vera moisturize and soothe irritated skin. Moisturized skin helps improve HH compliance.^{2,3}

Three nitrile options for optimal performance and protection

Aloetouch ICE®

- » House-wide PF nitrile gloves work almost everywhere in your facility
- » High tactile design with textured fingertips for extra sensitivity
- » Tested for use with select chemotherapy drugs
- » Finger Thickness: 3.6 mil
- » Palm Thickness: 2.8 mil

Aloetouch ICE Standard Cuff (9.5")

Item No.	Size	NSN No.	Pkg.
73-20300	XS	6515-00-NIB-8030	200/bx
73-20301	S	6515-00-NIB-8031	200/bx
73-20302	M	6515-00-NIB-8032	200/bx
73-20303	L	6515-00-NIB-8033	200/bx
73-20304	XL	6515-00-NIB-8034	180/bx
