

# TRIUMPH<sup>®</sup> ORTHO with ALOE

## STERILE AND POWDER-FREE LATEX SURGICAL GLOVES

Triumph Ortho with Aloe Vera is designed for orthopedic and trauma procedures where extra protection is needed. These latex, powder-free surgical gloves are ideal for use during procedures where sharp bone fragments may be present, rugged surgical instruments are in use, or when patients are high risk.

Healthcare providers must constantly wash their hands and wear gloves as an infection control measure. Repeated glove use and exposure to harsh chemicals can lead to dry, irritated skin. In 1999, Medline changed the industry by patenting a process to bring the moisturizing properties of aloe vera to medical gloves. Triumph Ortho with Aloe Vera is clinically proven to moisturize skin.\*

### Features and Benefits

- Extra thick to provide extra protection
  - 40% thicker than Triumph
- Ideal for orthopedics, trauma and high risk procedures
- Contains pure freeze-dried aloe vera to soothe and moisturize skin
- Brown color reduces the glare from the lights in the Operating Room
- ARC (anti-roll down cuff) was designed to reduce cuff roll-down common with most powder-free gloves
- Anatomical, curved former designed to enhance comfort and reduce hand fatigue

### Specifications

- Natural Rubber Latex
- Synthetic Polymer Coating
- Brown
- Lightly Textured
- Extra Thick 13 mil

### Ordering Information

Item Number	Size

# TECHNICAL SHEET

# TRIUMPH ORTHO with ALOE

Primary Material	Low-Protein Powder-Free Natural Rubber Latex with Synthetic Polymer Coating ≤2.0 milligrams/glove of powder in accordance with ASTM D6124 and ISO 21171 <b>Caution: This product contains natural rubber latex which may cause allergic reactions, including anaphylactic responses.</b>	
Donning Agent	Synthetic Polymer Coating (Inner surface coated for dry and damp hand donning) 100% Pure Freeze-Dried Aloe Vera Gel Coating (Moisturizes dry skin)	
Color	Brown (Favored by Orthopedic surgeons)	
Grip	Lightly Textured (Ideal for procedures requiring exceptional grip)	
Former (Mold) Design	Anatomical, curved former designed to enhance comfort and reduce hand fatigue	
Cuff Design	Tapered, beaded cuff design to prevent rolldown. Reinforced material prevents tearing.	
Chemical Additives (Accelerators)	Zinc Diethyldithiocarbamate (ZDEC) and Zinc Dibutyldithiocarbamate (ZDBC) Residual chemical levels below detectable level according to UPB/P/003a test method	
Leachable Protein (per EN455-3 using ASTM D5712) (Modified Lowry Protein Method)	Low Protein: <50 micrograms/gram of total extractable protein <b>Caution: Safe use of these gloves by or on latex-sensitized individuals has not been established.</b>	
Thickness (per ASTM D3577 ≥ 0.10 mm)	Finger Tip	0.33 mm
	Cuff	0.20 mm
Cuff Length (per EN455-2 ≥ 270 mm size 7.5)	300 mm	
Force @ Break Before Accelerated Aging (per EN455-2 ≥ 9 N)	Meets/Exceeds	
Force @ Break After Accelerated Aging (per EN455-2 ≥ 9 N, 7 days 70°C in an oven)	Meets/Exceeds	
Elongation @ Break Before Accelerated Aging (per ASTM D3577 ≥ 750%)	Meets/Exceeds	
Elongation @ Break After Accelerated Aging (per ASTM D3577 ≥ 560%, 7 days 70°C in an oven)	Meets/Exceeds	
Freedom from Holes (per EN 455 AQL 1.5)	0.65 AQL Final Inspection	
Viral Penetration	Tested and passed, in accordance with ASTM F 1671	
Chemical Resistance	The resistance to some chemicals has been assessed in accordance with EN 374-3 Results and recommendations for use with chemicals can be obtained on request	
Sterilization	Gamma Radiation, Sterility Assurance Level 10-6	
Expiration Date	35 Months from Date of Manufacture Manufacture and Expiration Dates are printed on packaging (YYYY-MM format)	
Packaging	Polyethylene peel pouch material protects product during transport and storage from moisture and ozone and prevents tearing when opening to maintain a sterile environment. Long pack configuration for easier aseptic donning.	
Storage Recommendations	Protect from freezing. Avoid excessive heat. Keep dry. Product should be shielded from direct sunlight, fluorescent lighting, X-rays, moisture and ozone. Do not store in temperatures above 40°C.	
Country of Origin	Malaysia
